

REMARKS

Claims 41, 42 and 64-67 are allowed. Each of rejected claims 44, 48, 49, 51-53 and 60-62 has been rewritten to depend from one of the allowed claims and, therefore, should also be allowed. Minor changes were made to some of the dependent claims in order to provide proper consistency in claim language. Rejected claims 38-40, 43, 50, 54, 59 and 63 are canceled herein. Claims 45-47 and 55-58 were previously canceled.

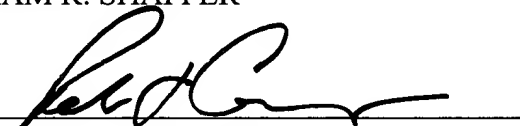

In response to the Examiner's objection, a sheet of corrected drawings is attached hereto adding reference number 216 to Figure 14.

The present application is believed to be in condition for allowance, which is hereby requested.

Respectfully submitted,

WILLIAM R. SHAFFER
